Exhibitor Registration and Information

Thank you for your interest in exhibiting at the 4th annual Fueling Thought Energy Summit. The event will be held May 13 & 14 2010 at the Pavilion at the Moffat County Fairgrounds which is one huge room. The exhibitors will have tabletops lining the walls. Exhibitors will be able to network and receive booth traffic during registration, breaks and lunch. We are asking exhibitors to either join the education sessions or take their conversations outside of the building during the actual education presentations. We are planning for morning and afternoon 30 minute breaks and hour lunches which should allow good traffic time in addition to being highly visible from attendee's seats during the actual education sessions.

Additional Exhibitor Information

Set up: Please plan to arrive either Wednesday afternoon, May 12 from 3:00 to 5:00pm or Thursday morning, May 13 between 7:00 to 8:00am to set up your exhibit. We would like all exhibits completely set up by 8:00am as the conference starts at 8:15am. It would behoove the exhibit company to be set up by 7:30am as this is when people will start arriving to register and have time to visit your booth.

Take down: Please do not take down your exhibit until 12:30pm on Friday, May 14 after the last educational session. This is especially critical as the exhibits will be in the same room as the education presentations and we do not want any distractions from our speakers. Thank you for your cooperation.

Registration for the event: We will ask you to register on our on-line system under exhibitor. www.yampavalleypartners.com. The system will give you opportunities to purchase tickets to the Northwest Colorado Energy Producer's Dinner, Golf Scramble, Mine tours and other additional offerings.

Company logo: Please send your company logo for use in the scrolling Power Point presentation during breaks to kate@yampavalleypartners.com

Contact Information: Thank you for exhibiting with us. Please do not hesitate to contact me with any questions. Kate Nowak, Executive Director, Yampa Valley Partners, 970-824-1133 or kate@yampavalleypartners.com. We are delighted to have you a part of the event!
