

YAMPA RIVER BASIN PARTNERSHIP

"Balancing natural resource and social issues through communication, education, and coordination."

2006 Work Plan

Yampa River Basin Partnership Executive Steering Committee and general membership commit their participation and resources in 2006 to:

➤ **Serve as a communication network by:**

- Monitoring the process of Elkhead Reservoir Expansion Project
(working with Colo. River Water Conservation District)
- Providing information regarding 'Yampa Basin 208 Watershed Plan' activities (working with Routt County Environmental Health)
- Providing information regarding Endangered Fish and Recovery Program (working with Fish and Wildlife Service)
- Hosting annual meeting for membership
- Posting information on www.yampavalleypartners.com
- Encourage public participation in 2006 Work Plan.
